
JACK PETTY MARKETING & PROMOTIONS

April 30, 2009

To Whom It May Concern:

Our company has had several Badgwarehouse Release Programs established for our clients with The Imagery Group, Nashville, TN. Based upon our experience with these programs, we would have to give them an "Excellent Rating".

The user friendly aspect of this software package has reduced the hassle of ordering badges tremendously for both ourselves and our clients. Also, with a 24/7 access to the Badgwarehouse website, we can be very flexible on our order timing.

There is no restriction on shipping order quantities to multiple client locations and minimum processing quantities on client orders has been eliminated.

We are happy to recommend The Imagery Group's Badgwarehouse Release Program based upon our operational experiences with it.

Yours Truly,

Paul Costanza
President
